WATCH US Referring to Dragon Ball, we can't ignore Dragon Ball Z: Dowkan Battle (MOD God Mode, High Damage), a popular title from Bandai with family characters and manga plot. Now, let's go back to our childhood with Songoku and his friends! Contents [ShowHide]Bandai Namco is an editor known for his adaptation of popular manga titles, such as Dragon Ball, One Piece, Naruto,... and have achieved a lot of success when their games are popular with a lot of players from all over the world. Recently, they released Dragon Ball Legends - the best fighting game. And now it's Dragon Ball Z: Dokkan Battle.Journey to find 7 Dragon Dragon Ball balls tells the story of finding dragon ball travel from Songoku's childhood. After each trip, he meets new friends, and he is loved by everyone and learns many different martial arts. Later, Songoku found its true origin. He and his friends fight to protect the Earth from the most powerful villains of the universe. (If Songoku joins the Avengers, you may have stopped Thanos). Over the years, the characters in this manga have become legendary in the heart of every reader. In Dragon Ball Z: Dokkan Battle, you will join with warriors involved in battle to protect the innocent from evil intentions. Trunks and King Kai are the two storytellers who guide the operation and take you on all missions. Match-3 puzzle gameLike Dragon Ball Legends, Dragon Ball Z: Dokkan Battle is the first game of the day with the theme of Dragon Ball to use match-3 puzzles. Although the main content of the game is the battles between the main characters and villains, however, the game does not focus too much on the elements of action or RPG, but instead will solve puzzles to attack opponents. As a result, the game helps the player to play easy entertainment while retaining the content and manga characters. On the screen are countless Ki spherical spheres of different colors, your task is to arrange three Ki spheres of the same color to attack, defend or increase power. The gameplay of this Linker game is similar to Diamond Saga Diaries, which means you use your finger to swipe across the screen to connect the same colored balls. In particular, each character has the unique power and skill corresponding to a ki. For example, if you use Vegeta, the damage you do with will be increased when you use yellow ki, and at some point, the character will perform special attacks. Do you want to turn into Super Saiyan or use Kame Kame ha? Everything is possible when you match the right kind of Ki with the character. Familiar CharactersIn Dragon Ball Z: Dokkan Battle, you can collect unlocked card characters and rally them into a team of warriors. You will be able to meet characters like Songoku, Piccolo, Gohan, Vegeta, Android, ... and even the villains at the beginning of the story like Tao Well, Master Shen. Each character has different strengths and abilities, but similar to other Dragon Ball, Ball, it seems that publishers always bias characters in the planet Saiyan. This is understandable because, according to the original, the Saiyans are one of the most powerful nations in the galaxy. Cards are divided into rare systems, the rarest cards being SSR, and the most popular are Normal. In particular, Dragon Ball Z: Dokkan Battle has a mechanism that helps you customize a character by crafting another of his cards, for example, switch from Piccolo agility card to strength. Also, don't forget to upgrade to the rare level of cards if you want to increase rare and increase your card statistics. GraphicsDragon Ball Z: Dokkan Battle has very beautiful, bright and colorful graphics. The game makes you feel like watching a Dragon Ball animation. The characters are designed and duplicated according to the original version of the cartoon. After you finish the puzzle, the screen will be a battle movie between two characters and the loser character will fall on the screen with broken screen effects. MOD Version of DBZ: Dokkan BattleFeaturesHow to installInstall and use the APK (Bypass) version to complete the tutorial. After completion, install the MOD version to use. Download Dragon Ball Z: Dokkan Battle MOD APK for AndroidBasic, Dragon Ball Z: Dokkan Battle is a fun and easy game to play, suitable for players looking for an easy entertainment game. Warriors, stand up and defend the peace of the earth! Dragon Ball Z: Dokkan Battle is an action/strategy game where you play with the legendary characters from the Dragon Ball universe, discovering a whole new story that is exclusive to this title. The game begins with The Trunks landing the time machine in a universe where Dragon Ball timelines are mixed almost beyond repair. This means you will have to confront opponents who range from the terrifying cell and freezer to Tao Pai Pai and the evil vegetation of Babidi's saga. Battle System in Dragon Ball Z: Dokkan Battle is quite unique. Instead of controlling your characters directly, you need to press the Ki spheres to attack. You can also activate different combos by using different characters, creating spectacular attacks with breathtaking animations. Dragon Ball Z: Dokkan Battle is a spectacular game that features even more spectacular graphics. Unlike similar games, this is an official product. Character drawings, story, animations... all of them are impeccable and will delight Dragon Ball fans everywhere. It combines puzzles, board games, and card games with free-to-play titles. You play In Dowkan Events and the World Tour to face tough enemies. In Dragon Ball Z Dokkan Battle, you play as an anonymous fighter working to avoid disasters. Trunks and King Kai guide you in your search, conveying the plot and offering battle advice. Players fight alongside Goku and team up with rivals such as Frieza, Cell or Majin Buu from anime. Gameplay and battles in Dragon Ball Z, battle style is a combination of a board game and a variation of color matching games. Randomized rolls will propel the player's team, assembled by unlocking the fighter with in-game items or in-app purchases, across the board. The game is fun, the graphics are very nice and addictive gameplay. A mixture of puzzles and board game elements inspired by Puzzle & Dragons are the pillars of this new iteration by Son Goku and his friends. Game actions are fast and exciting. Every time you summon a new character you will have to watch an often-slow loading animation of Goku burning a Kamehameha to a planet. Naruto x Bruto has the same gameplay. Battle sequences involve alignments of multicolored Ki balls that may be suitable to do damage to the opponent in Dragon Ball Z. A lot of it is of chance, but some strategies can be used by paying attention to their types and strengths and weaknesses. For example, red/STR is strong against yellow/PHY, but is weak to blue/AGL. Change Your fighters, dealt with three at a time at the bottom of the screen in Dragon Ball Z, can also help to protect against attacks and/or instigate special combo moves. Just tap Ki Spheres on the battle screen and send the flying enemies. For For Details about characters and skill fighting you can visit the developer's website. Disadvantages There are a few disadvantages to this game. would be the high load time between each screen and a lot of in-app purchases. The quality of game updates is poor, with multiple unplanned maintenance each time a patch is released. You can't do anything if you don't pay for the dragon stones. Stones.
